

How to install Microsoft Office for Indian Lake Students

Students at Indian Lake High School can now download a copy of Microsoft Office for home use at no cost as long as they are enrolled as an active student at Indian Lake Schools. It can be downloaded and installed on up to 5 machines. Upon graduation or withdrawal from Indian Lake, the student's account will be deactivated and downloaded copies of Microsoft Office will no longer work.

Step 1: Go to the following link:
<https://login.microsoftonline.com>

<https://login.microsoftonline.com>

Step 2: Login to Office 365

To login you will have to use your school's email address with your network password.

Step 3: Download Software

Once you login to Office 365 you will get a welcome screen. On the welcome screen you will get an "Install now" button. Once you click on the button it will download the install file for Microsoft Office. You can proceed to install the software after the download is complete.
